LANGUAGES

- English B1
- Spanish – Native

EDUCATION

UNAM ENP #9
2018-2021

Computer Engineering
UNAM Faculty of Engineering
2021 – Present

UNAM ENP #9
Technical financial
accounting
2020 - 2021

KEY HARD SKILLS

- Java
- Python
- SQL
- C/C++
- HTML/CSS
- Excel
- n8n

KEY SOFT SKILLS

- Leadership
- Effective Communication
- Resilience
- Adaptability
- Creativity
- TeamWork

SUMMARY

Throughout my university career, I've had a lot of experience working on projects carried out by diverse teams, and I've had the opportunity to lead them myself, from networking to automation.

WORK EXPERIENCE

Mathematics area teacher

03/2022 – Present

Teach and provide tutoring in areas related to mathematics. Courses taught:

- Algebra
- Integral Calculus
- Calculus and Analytic Geometry
- Trigonometry

Intern at WISP company MiVa Telecom

02/2023 – Present

I performed technical tasks, managing, configuring, implementing, and installing network equipment from headquarters to last-mile equipment.

I developed work procedures and protocols for the company.

I automated technical support and customer service tasks with AI models.

PROJECTS AND COMPETITIONS

Facial recognition AI app

03/2025 – 05/2025

Together with a team, I developed a remote locking application with facial recognition based on AI.

Automation model with N8N

05/2025 - Present

I automated technical support and customer service tasks with AI models for MiVa Telecom, and I'm still working on improving and scaling this project.
